## *A Being(s) in Love Story*

Arthur MacArthur needs a job, and not just for the money. Before he dropped out of school to support his younger sister, he loved being a research assistant at the university. But working for a dragon, one of the rarest and least understood magical beings, has unforeseen complications. While Arthur may be the only applicant who isn't afraid of Philbert Jones in his dragon form, the instant attraction he feels for his new employer is beyond disconcerting.

Bertie is a brilliant historian, but he can't find his own notes without help—his house is a hoard of books and antiques, hence the need for an assistant. Setting the mess to rights is a dream come true for Arthur, who once aspired to be an archivist. But making sense of Bertie's interest in him is another matter. After all, dragons collect treasure, and Arthur is anything but extraordinary.
