Business whiz Kristen Alexander achieves—that's what she does. She's set goals, made the right moves, enjoyed the rewards of hard work and careful planning... That is, until she's abruptly fired from her banking job. Determined to turn her luck around, Kristen starts job hunting by day and taking up a waitressing job by night. The last thing she expects is to run into a hometown guy from her past... Bull rider Austin Harding is having an amazing season touring with the American Extreme Bull Riders Tour, and he's enjoying every second of his success—working hard and playing hard as he fights to win the money at the end of the tour. But his focus on the big prize wavers when he runs into golden girl Kristen Alexander during a tour party. He feels entitled to some answers from their past... But the answer he gets is not the answer he expects.
