If you're looking for a romance that will give you all the tingles and all the feels, look no further! ~ Shayna Renee's Spicy Reads

Josie doesn't need any help raising her son.

Pregnant at sixteen, Josie learned the hard way about men and their empty promises. She picked herself up and is raising her eleven-year-old son. By herself. And that's the way she intends it to stay. Unfortunately, her impressionable boy becomes fascinated by the scruffy, intimidating *biker* who lives next door.

The scars on Holt's face are only the most visible of his wounds.

Out of the hospital after being attacked in his own damn house, Holt is coming to terms with the fact that his scars frighten people. Like his now-ex-girlfriend who ran after one look at him. Like his redheaded neighbor who hauled her boy away as if Holt was a serial killer. *Fine*. He'll give the pretty bartender all the space she wants.

The Shadowlands will bring them together...

When Josie starts bartending in the exclusive, private club, she discovers her neighbor is a member. And a *Master*--a skilled powerful Dom who can make her fantasies come true. Slowly, the firefighter breaks down the walls around her heart, teaching her how to trust. How to love...

But when her son's choices lead to disaster, can their relationship survive?

Another great addition in one of my all time favorite series!! A scar can be left on the skin or on the soul from wounds inflicted. This story takes us on a journey of a man who bares his scars on the outside and a woman who wears hers on the inside. ~ SNS Reviews
