Blade

My life revolves around the Wild Kings MC. I don't want any attachments and I'll never have an old lady. That was what I always believed anyway. My heart got stolen when I met a feisty red-haired beauty that took my breath away and I can't imagine living my life without her. And the surprise that she brings me.

Keira

I move on from one place to another. The longest I've ever stayed in one spot was when my sister from another mister was missing and I was raising her son. That's how I met the man that stole my heart, captured my soul, and left me a surprise that I wouldn't trade for the world.

Can Keira escape a mistake? Will Blade realize what he truly wants before it's too late? Can they overcome their past and move on together?
