Working for Romeo, Hawthorne, and Slade is a challenge, but the dominant men give Lindsay exactly what she needs. Even though Hawthorne continues to drive her insane, she's happy with her new life.

But when a stranger with a gun steps out of the shadows, Lindsay realizes that happy is dangerous.

Happy will get her killed.

A woman with Lindsay's past doesn't have the luxury of waiting for a knight on a white horse.

She'll have to settle for an arrogant, condescending billionaire... one whose goal has always been to get rid of her.

Desperate women don't get easy choices.

This is a billionaire menage office romance.
