Once upon a time, not that long ago, I had just about everything I ever wanted. I was a star football player at one of the best colleges in the country, and I had the girl I'd always loved by my side. The promise of a future most guys can only dream about was close enough to touch.

But if there's anything I've learned, it's that life is unpredictable. One twist can change it all, and suddenly, I'm alone. Even football, the one constant in all the insanity, somehow isn't enough anymore, because without her, everything else is empty. Meaningless.

I've got one shot left. One more chance to win her heart. We're not kids now, and I know that being good enough for Quinn isn't some game I can fake my way through. She's more than the prize; she's my reason for living. The world only makes sense when we're together.

And this time, I'm going to do whatever it takes to give us our happy ending.

*And this, my friends, is not a cliffhanger. This is the happily after forever you've wanted.*
