## Synopsis

Mountains, miracles, and marriage.

I had no idea what to expect when the producers of Dr. Hoffman sent me to the pristine white mountains of Aspen, Colorado. As the town of Aspen is known for being a winter haven for uber-rich Americans, I knew this desert cactus was going to be way out of her element. The ace up my sleeve however, was a high-class movie-making surfer whose family owned a cabin in those snowy hills. With him by my side, I'd make the most out of the experience.

The job was assigned under unusual circumstances. An anonymous mountain man paid a hefty fee to persuade the producers of my show to send me out for a segment on local artisans. Suited up in my parka and Ugg boots, I put the warmth of the California sun in the rearview mirror and headed to a winter wonderland. With my newfound family in tow, I was prepared to celebrate the best month the year had to offer...until the one woman who drastically changed my life all those years ago appeared like a shadow out of pure frosted air, shattering my soul all over again.

In the twelfth and final book in the Calendar Girl serial, Mia is off to Aspen, Colorado to film a segment on local artists. Prepare to be wowed as Mia's journey merges into the ending everyone has been waiting for.

Warning: This book is designed for audiences 18+ due to language and graphic sexual content.
