**When Sci-Fi Geek lands Sophisticated and Sexy, fan fiction dreams can come true.**

Tech billionaire Michael Jones has always been a stereotypical geek at heart. Shy, socially uninterested, and crazy for *Star Wars*, he's spent years creating a mask that helped him become the rags-to-riches phenomenon of the century.

There's just one person who can crack the façade. One person who turns him into an incoherent, bumbling mess: James Jennings.

The sophisticated older brother of Michael's best friend, James has been the centre of Michael's fantasies from the moment they met. But those dreams can never come true, because why would a suave, successful, wealthy businessman want someone who's just faking his way through life?
