Your Eyes Only:

Noelle's life has fallen apart. She is recently divorced from a man she'd been married to for five years, all the while unaware that he was in fact gay. Following the collapse of her life, she returns home in hopes of starting over, to forge a life that is honest. The first step is finding a job, something she's had a hard time with until she runs into Ryan one morning. Ryan is a local ranch owner: He's rugged man whose taut, lean rancher's body oozes virility. He also happens to be her ex's older brother. Secretly, Noelle and Ryan have always had eyes for one another. Seeing an opportunity for something he's always wanted, Ryan reaches to seize it. He offers Noelle a job as his bookkeeper, also insisting that she immediately move out of the local Inn and onto his ranch. But with everything happening so fast, will Noelle remember the life she'd set out to find?

Take Me:

The promotion sounded incredible—4 days and 3 nights in a secluded inn near the base of the mountains. It was for two people and when Lisa bought it she planned to go with her boyfriend Brad—the perfect romantic escape. But when Brad moves out, without so much as a look back, Lisa no longer has anyone to holiday with, and is tempted to cancel...the only problem is, the promotion is non-refundable. Lisa decides to go to the inn anyway and what better way to mend a broken heart than by drinking champagne in a hot tub near a snow topped mountain? But as soon as Lisa steps off the plane, her eyes fall on the ravishingly sexy body of the inn's owner—Morgan Black. Since the weather has turned nasty, Lisa is the only guest, and Morgan quickly puts to rest her worries that she might be bored holidaying all alone. With a new twist on the game of hide and seek and some smoking hot sex, the twosome turn the long day and night into a ecstasy filled moment in time, which is shattered by the arrival of Lisa's ex.

Sinful:

Samantha Morris is checking into the Grand Hyatt hotel in New York City when she runs into the man who has had her pulse racing since college—Michael Stone. Michael still has the same mouthwatering body, ridiculously sexy smile, and outrageously confident personality, and once again, he is pursuing Sam with a vengeance. But Sam is only too aware that Michael dated her best friend back when they were in college. It would be the worst violation of the Best Friend Code of Ethics for Sam to date her friend's ex... wouldn't it? Sam is torn - she knows she should stay away from Michael, but he's just too damn irresistible! She agrees to only one simple date, but quickly learns that things with Michael are never simple, the man wants to devour her in frightening ways that she had never even contemplated before.

Deeper Desires:

When Amanda is offered a place at an exclusive medical training session in London, it's not only a brilliant reflection of her acclaim as a doctor, but also a chance to take a break from the hectic

atmosphere of the hospital. When she arrive, she finds that she's staying at the house of a Lord and wonders whether she might have bitten off more than she can chew. Lord Arthur Coulby is undeniably sexy as hell, not to mention his castle hides more secrets than she knows. When Amanda discovers Lord Coulby's dark desires stored in the castle's hidden rooms, will she submit to temptation?

This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.
