Morgan Drake witnesses a murder in an alleyway. He is the only person who can give evidence in prosecuting the cop responsible for the crime. When the FBI safe house where he's being held is compromised, he follows the instructions of the agent in charge and runs.

Nik Valentinov works for Sanctuary, a foundation that offers witness protection when FBI security is questionable.

When Morgan's handler sends him to Nik for safety, neither Morgan nor Nik could imagine that two weeks alone in a cabin in the woods would have their hearts racing with something much more than merely trying to keep Morgan alive.

NB: This previously released title features new cover art. The story remains the same.
