Shattered following a devastating betrayal that results in the death of his friends, Lane Robinson finds himself in Fort Wayne, Indiana, a world away from his previous life as a Marine. Robinson is trying to forget the past, but healing from the deadly deceit that cut blood deep is hard, and memories of that treachery taint every interaction in his life. He misses the comradery and bond he had with his brothers in arms, and now can't help but view everyone around him with mistrust and suspicion.

Robinson meets a member of the Rebel Wayfarers motorcycle club, and with an introduction into the biker's circle of friends, he finds that elusive sense of home that has been missing from his life for too long. Initiated into the club and now called Gunny, Robinson buries himself in his new life as a Rebel member.

Secure within his newfound family, Gunny fills his days with solitary work and finds he possesses a gift for motorcycle restoration, forming a career out of this exacting passion.

Trying to leave behind the man he was before the club, unfortunately his feelings of cynicism aren't so easy to set aside. Even within the club, surrounded by members he readily calls brother, he grants his trust to only a few. One of those is Davis Mason, national president, and a man he is proud to call friend.

Into this meticulously constructed life dances Sharon Elkins, the one woman who seems to possess the ability to tear down the walls he has spent so long building. She is the first person who sees beyond his surface façade, the first he's let get close in so long...can he trust the emotions she stirs in his soul?

As she becomes an ever more important part of his world, darkness from their former lives collides in a dangerous cascade of conspiracy and schemes. Can he protect the woman he has come to love, and will they be able to fight their way clear of the chaos that threatens to entrap them?

18+ due to explicit content.

*Please note this book is part of the Rebel Wayfarers MC book series, featuring characters from additional books in the series. If the books are read out of order, you'll twig to spoilers for the other books, so going back to read the skipped titles won't have the same angsty reveals. I strongly recommend you read them in order. Available now: Mica (book #1), Slate (book #2), Bear (book #3), Jase (book #4), Gunny (book #5), Mason (book #6), Hoss (book #7), Duck (book #8), Watcher (book #9), and Bones (book #10). Upcoming titles in the series include: Fury (book #11), and Cassie (book #12).
