Isabella Martinez was always good at rebelling, against her parents, her school, her boyfriends. She had needs no one could meet, desires so dark no one could tame her. When her wild side gets her in trouble with the law, she doesn't think twice when given a choice between prison or transport to a new world as an Interstellar Bride. Alone on Earth, the decision was easy. But when she arrives on Viken, she learns she's been matched to not one fierce, alien brute, but three—and their desires, their needs, their demands are far darker and more demanding than her own. As enemies plot to destroy Viken's place in the Coalition Fleet, Bella will have to learn to trust, or lose everything. Her mates will feed the hunger inside her no others ever could. Their complete dominance will either break her...or set her free forever. And love? Well, they can demand, taunt and tease her submissive body. But her heart will not be so easily won by Her Viken Mates.
