Jackson thought he knew what love was and feels like he missed his chance at happiness. He realizes he wasted his chance by chasing after one-night stands instead of going after what he really wanted.

Kaylie knows what loss feels like and doesn't want to take a chance on love. She puts up walls to keep her heart protected from experiencing that kind of pain again.

What happens when a guy who refuses to lose out again meets a girl who resists him as much as she can? Will Jackson be able to hit the wall Kaylie has put up and knock it down?

This is book two in the Blythe College series, but it features a new couple and does not have a cliffhanger.
