The one woman he wants...

When a childhood friend needs help, Nova doesn't hesitate. They endured the foster system together, forging a bond Nova can't ignore. Relying on her friends from Redemption Harbor Consulting—including Gage, the computer genius she's falling for—is out of the question. She used to work for the CIA and she's trained—she can handle this. Besides, the whole team is working on their own important jobs. She's not going to drag anyone away when she's not sure it's necessary.

Is the one he can't have...

When Nova asks for time off out of the blue—and use of the company jet—former Marine Gage Yates takes note. Of course, he notices *everything* about Nova. But as one of her bosses, his growing attraction to her is a line he won't cross. However, that doesn't mean he'll let her run straight into danger—and a quick hack of her computer proves she's gotten in over her head. Gage is coming along for the ride, whether the sassy assistant likes it or not. He'll do whatever's necessary to save her friend...and keep Nova out of the clutches of a lethal enemy who won't hesitate to kill anyone who gets in their way.
