Islamismen er vor tids nye totalitære trussel efter nazismen og kommunismen. Den er i fremmarch både i den muslimske verden og i Europa. Islamisterne vil bygge et samfund på en radikal udlægning af islam, der er stærkt undertrykkende og frihedsfjendsk. 'Islamister og naivister' beskriver med konkrete eksempler, hvordan islamisterne arbejder på at skabe muslimske parallelsamfund og en gradvis islamisering i Danmark og Europa. Bogen påpeger, at konflikten om Muhammed-tegningerne var en historisk skelsættende begivenhed i den forbindelse. Islamister og naivister viser, hvor lidt naive politikere og meningsdannere har forstået af truslen fra islamismen. Muhammed-sagen er ét blandt mange eksempler på dette. Karen Jespersen og Ralf Pittelkow gør op med både islamister og naivister.
