Det siges, at Lars Løkke Rasmussen mistede sit syvende politiske liv den 3. juni 2014. Ifølge Bertel Haarder har han højst to tilbage.

LLR er et opdateret politisk portræt af Lars Løkke Rasmussen. Manden, der bliver landets næste statsminister, hvis danskerne vil. Det er også en kortlægning af det indre liv i Venstre. Partiet, der er ved at brække midtover, hver gang medlemmerne får indblik i formandens livsførelse.

Bogen er baseret på samtaler med en lang række centrale personer i og omkring landets største parti, herunder Lars Løkke Rasmussen, der blandt andet har bidraget med nye detaljer om partiets skæbnedøgn den 3. juni 2014.
