***Forced to lie to protect her sister . . .***

*From the New York Times Bestselling Author, Penny Reid*

One week.  
Home alone.  
Girl genius.  
Unrepentant slacker.  
Big lie.  
What's the worst that could happen?

Mona is a smart girl and figured everything out a long time ago. She had to. She didn't have a choice. When your parents are uber-celebrities and you graduate from high school at fifteen, finish college at eighteen, and start your PhD program at nineteen, you don't have time for distractions outside of your foci. Even fun is scheduled. Which is why Abram, her brother's best friend, is such an irritant.

Abram is a talented guy, a supremely gifted musician, and has absolutely nothing figured out, nor does he seem to care. He does what he feels, when he feels, and—in Mona's opinion—he makes her feel entirely too much.

*Laws of Physics parts 1 (MOTION) & 2 (SPACE) end with a cliffhanger.*

Part 1 (MOTION) will be released February 11, 2019

Part 2 (SPACE) will be released March 11, 2019.

Part 3 (TIME) will be released April 15, 2019
