ODINS LABYRINT er en spændingsroman om den unge studerende Mathias, der under et ophold i London hvirvles ind i en livsfarlig og gådefuld historie med tråde helt tilbage til den nordiske mytologis oprindelse.

Fra gamle dokumenter får han kendskab til en spektakulær viden - en af verdens største og bedst bevarede hemmeligheder om kristendommens fundament - der gennem tiden er blevet holdt skjult af dunkle katolske broderskaber med mord på samvittigheden.

Spørgsmålet er, om også Mathias nu er i fare.

"Historien kommer under huden i en sådan grad, at jeg kan mærke fortællerens hastige pulsslæg og kuldegysninger i de mørke lofter og fugtige kældre."
