From *New York Times* bestselling author Meghan March comes a brand new saga of forbidden romance.

A Riscoff and a Gable can never live happily ever after. Our family feud is the stuff of legends.

Ten years ago, Whitney Gable caught me off guard with her long legs and grab-you-by-the-balls blue eyes.

I didn't know or care what her name was.

Like any Riscoff worth the family name, I went after what I wanted. We burned like a flash fire until she married another man.

She hates me, and she should.

I objected on her wedding day.

Now she's home, with those same long legs and man-eater stare, but there's no ring on her finger.

They say a Riscoff and a Gable can never live happily ever after . . . but I'm not done with Whitney Gable.

I'll never be done with her.
