"Funny, page-turning and addictive... just like Malory Towers for grown-ups" - Sophie Kinsella

For the first time, the girls caught sight of the turreted, castle-like building that would be home for the next nine months, the four towers of the main houses nestled in the hills, with the cliffs behind, leading down to the still turquoise sea.

Maggie loves teaching English at beautiful Downey House but she is less keen on planning her wedding to dependable Stan. Instead, she's working on ignoring her crush on David McDonald, who teaches English at the local boys' school.

Just as **Simone** and **Fliiss** have become friends, **Zelda** arrives to upset everything. **Zelda** is loudly, glamorously American, and she's full of ways to improve life at boring school. Soon, quiet, mousy **Simone** is undergoing a makeover. And **Fliiss** is about to jeopardise everything to impress a boy.

In a new year at school, the girls of Downey House will be breaking all the rules - and not all of them will escape unscathed.

"A brilliant boarding school book, stuffed full of unforgettable characters, thrilling adventures and angst..." - Lisa Jewell
