Brandon is the werewolf alpha of the Northern Forest Pack. He's looking for a mate with the same strength as him to lead his pack through the dark times they are about to face. Never did he anticipate to mate with an innocent human female.

Elle Smith moved to Grace Hill after a vampire attack almost killed her family. After she turns twenty-one her life is changed forever. Brandon bites her as she's working at the diner, declaring her his mate. She can't believe it's happening and refuses him.

However, the pull of the mating can't be denied. Elle seeks him out even though she can't bear to look him in the eye. Brandon will do anything to keep his woman safe. As Grace Hill becomes the home to many dangerous paranormal beings, Brandon pretends another is his mate.

Hurt, Elle shuts him out. Has Brandon lost his only chance of a mate? And what threat from her past could send Brandon to possible war?

Their world has never been more fragile as a cult known as Disaster of the Otherworld intends to plunge them into chaos.
