Oliver Levy: Polite, dignified, intelligent... and one of the world's few remaining omegas.

When Oliver receives a devastating medical diagnosis, his entire world is turned upside down. His hormonal cycle is out of control, and during his next heat, he must either find an alpha willing to mate with him, or risk dying as his entire body goes into overdrive.

Jet Wilder: Brash, uncouth, reckless... and Oliver's last and only hope for a normal life.

When he's paired up with Jet, the man is everything Oliver expected from an alpha. His impetuous manner and inability to think before he speaks are outdone only by his adrenaline-seeking hobbies of jumping out of planes and searching for bigger waves to surf.

From the moment they meet, the pair of them argue like cats and dogs. So why is Oliver starting to look forward to his three-monthly meetings with Jet? And what is it about this most unexpected ally that Oliver is beginning to find so oddly charming?
