"From that moment on I started to search for documentation, to really pay attention to the people and the places where I was sending Tintin, to be fair to those who were reading my books—and all thanks to Tchang!" -Hergé

Still on the trail of opium traffickers, Tintin heads to China, where he becomes unwittingly involved in the Sino-Japanese War. The only light in this dark situation: Tintin meets Chang, who will become a very dear friend.

Tintin, perhaps one of the most famous cartoon heroes of all time, is as much a child of the 20th century as his creator, Georges Remi—aka Hergé (1907-1983). Tintin's adventures, marked by his inquisitiveness, sense of mystery and witty humour, are deeply rooted in the events of that tumultuous era.

Featuring an official new English translation.
