**If he risks his heart, can he keep his head in the game?**

To win gold, figure skater Alex Grady must train harder than the competition morning, noon, and night. He's obsessed with mastering another quadruple jump, and due to the lack of filter between his mouth and brain, doesn't have a lot of friends. As for a boyfriend, forget it. So what if he's still a virgin at twenty? The Olympics are only every four years—everything else can wait. Relationships are messy and complicated anyway, and he has zero room in his life for romance.

So it's ridiculous when Alex finds himself checking out his boring new training mate Matt Savelli. Calm, collected "Captain Cardboard" is a nice guy, but even if Alex had time to date, Matt's so not his type. Yet beneath Matt's wholesome surface, there's a dirty, sexy man who awakens a desire Alex has never experienced and can't deny...

This gay romance from Keira Andrews features opposites attracting, new adult angst, sexual discovery, and of course a happy ending.
