From the *New York Times* bestselling author of the *Covenant* and *Lux* series comes the second novel in the pulse-pounding, electric Titan series. In *The Return*, Seth and Josie's story ended on the ultimate cliffhanger. Now, things are about to get even more dangerous...

The Covenant University has become the frontline for the escalating violence between pure-bloods and half-bloods. War between the races seems inevitable, and it couldn't come at a worse time. Seth must prepare Josie for battle, which means teaching her how to control her newfound demigod abilities...and they need to find and rescue the other demigods before their enemies - the Titans - find them first.

Only one thing is more dangerous than a bunch of starved Titans, and that's an out-of-control Apollyon in the form of Seth. The aether in Josie is drawing Seth in deeper, and when lust mixes with love and gives way to power, he knows being close to her is becoming explosively dangerous. But letting her go requires a level of selflessness that just isn't Seth's

style.

When the danger from the Titans erupts with devastating consequences, the dark allure of power calls to Seth again - but this time, Josie may not be able to pull him back from the brink...
