Becca Allred's returning to Mountain Meadow with big plans. First, make her new bakery, The Secret Ingredient, a huge success. Second, steer clear of the complications that made her last job a pain in the butt. Third, manage to live her own life without family interference. Tough to do when you have too many older brothers keeping an eye on you. Even tougher when one of their best friends wants to put a lot more than his eyes all over you—but he thinks you're back to be his business rival, not his bed partner.
