Tyve år er gået siden Illeás sidste Udvælgelse. I sin regeringstid er det lykkedes Maxon at skabe fred i landet og opløse kasterne, men dele af befolkningen har svært ved at vænne sig til de nye forhold, og utilfredsheden ulmer. Der er brug for en afledningsmanøvre, noget folket kan samles om mens der findes en løsning på problemerne: En Udvælgelse for den kongelige families ældste datter og tronarving, Eadlyn. Men Eadlyn er opdraget til at regere og er bestemt ikke villig til at afgive magt. Heller ikke til sit hjerte. Arvingen er fjerde bind i en serie om venskab, kærlighed, rivalisering og et samfund bygget på forbud og classeskel.
