The love that never came to be, the letter that ruined it all, and the secrets that shred and heal...

Rain Noles left Sterling Shore expecting the man she loved to come after her. When he didn't, her world fell apart, and she pieced it together by pretending he no longer mattered.

Dane Sterling watched his best friend leave, but he didn't realize she was walking out of his life. Now she's back in Sterling Shore, and he realizes quickly he's not over her.

But too many questions remain unanswered, and too many secrets threaten to keep them apart.
