**From the *New York Times* bestselling author of the *Covenant* and *Lux* series comes the third novel in the pulse-pounding, electric Titan series.**

*A bloody path has been chosen...*

The war against the Titans continues, but now the most dangerous, most absolute power lies elsewhere... with Seth.

*The Great War fought by the few is coming...*

All may doubt and fear what Seth has become. All except Josie, the woman who might be his final chance at redemption.

*In the end, the sun will fall...*

The only way Seth and Josie can save the future and save themselves is by facing the unknown together. It will take more than trust and faith. It will take love and the kind of strength not easily broken. No matter what, their lives will never be the same.

*For what the gods have feared has come to pass. The end of the old is here and the beginning of the new has been ushered in...*
