Real life doesn't play out like a movie. Electric connections mostly mean you've got static in your jumper. Camila Moore knows that; she's not daft. She has two teenage boys and bills to pay, plus the only man she's ever been with has traded her in for a gym bunny.

Returning to work's the answer, but when she finds herself in the wrong room, wrong place at the wrong time, the last thing she expects is to be promoted out of obscurity into the arms of Harriet Imogen Pearson, media darling, hotshot entrepreneur and notorious lesbian playgirl.

Camila can't believe it; she's an ordinary woman, nothing special - in her view - so what's Harriet's motivation? What's her end game?

Are Camila's feelings just infatuation or is it real life love?

Kiki Archer is the mistress of chick-lit romance for women of all ages and inclinations.
