Cynthia Lewis wants to live her life but her illness is back. She knows she can't fight it. Either she dies in the hospital or she dies in a place of her choosing. Tired of being in the hospital, she rents out a property far from any medical center.

Kris Hall and Matt Stewart are the two alphas who own the property. Their hatred for each other is the only thing they have in common—until Cynthia. The moment they smell her they know she was destined to be their mate.

With her illness spreading, Kris and Matt know they have to turn her. But if they turn her, they risk killing her. They have to make a choice and fast. Being wolves, hunters are on their tails. With time against them, what will they do for the woman they love?

Be Warned: menage sex (MFM), anal sex, brief m/m interaction
