Over a century ago, Bennett Young found his mate, a human woman he trusted and was brutally betrayed by. With his one chance at happiness gone, Bennett throws himself into his work. He dreads the inevitable day he turns feral and his partners will be forced to put him down, then a routine mission brings him face-to-face with his worst nightmare. A human mate. Discovering the lovely, but evasive woman is being hunted, Bennett can't bring himself to abandon her, at least not until she's safe.

Spencer King has a boy's name and lives in the boondocks for a reason. The tall, sexy shifter who showed up on her doorstep was unwelcome...and pushy. The mating instinct she feels for him threatens everyone she's worked to keep safe. Realizing the frustrating, brooding Guardian doesn't intend to leave her alone, Spencer has to figure out if she can trust him, and to decide - stay and fight, or run for her life?
