**THE NEW YORK TIMES NUMBER ONE BESTSELLER
THE SUNDAY TIMES NUMBER ONE BESTSELLER
SHORTLISTED FOR THE WELLCOME BOOK PRIZE
2017**

'Finishing this book and then forgetting about it is simply not an option...Unmissable' *New York Times*

At the age of thirty-six, on the verge of completing a decade's training as a neurosurgeon, Paul Kalanithi was diagnosed with inoperable lung cancer. One day he was a doctor treating the dying, the next he was a patient struggling to live.

When *Breath Becomes Air* chronicles Kalanithi's transformation from a medical student asking what makes a virtuous and meaningful life into a neurosurgeon working in the core of human identity - the brain - and finally into a patient and a new father.

What makes life worth living in the face of death? What do you do when when life is catastrophically interrupted? What does it mean to have a child as your own life fades away?

Paul Kalanithi died while working on this profoundly moving book, yet his words live on as a guide to us all. *When Breath Becomes Air* is a life-affirming reflection on facing our mortality and on the relationship between doctor and patient, from a gifted writer who became both.
