## *Middle of Somewhere: Book Three*

Leo Ware may be young, but he knows what he wants. And what he wants is Will Highland. Snarky, sophisticated, fiercely opinionated Will Highland, who burst into Leo's unremarkable life like a supernova... and then was gone just as quickly.

For the past miserable year, Leo hasn't been able to stop thinking about the powerful connection he and Will shared. So, when Leo moves to New York for college, he sweeps back into Will's life, hopeful that they can pick up where they left off. What begins as a unique friendship soon burns with chemistry they can't deny... though Will certainly tries.

But Leo longs for more than friendship and hot sex. A romantic to his core, Leo wants passion, love, commitment—everything Will isn't interested in giving. Will thinks romance is a cheesy fairy tale and love is overrated. He likes his space and he's happy with things just the way they

are, thank you very much. Or is he? Because as he and Leo get more and more tangled up in each other's lives, Will begins to act like maybe love is something he could feel after all.
