Seoafin "Finnie" Wilde was taught by her parents that every breath was a treasure and to seek every adventure she could find. And she learns this lesson the hard way when they perish in a plane crash. But she never forgets and when she discovers there is a parallel universe where every person has a twin, she finds a witch who can send her there so she can have the adventure of a lifetime.

But upon arrival in the Winter Wonderland of Lunwyn, she realizes she's been played by her twin and finds herself walking down the aisle to be wed to The Drakkar.

Thrown into inauspicious circumstances, with years of practice, Finnie bests the challenges and digs into her adventure. But as Frey Drakkar discovers the woman who is his new wife is not Princess Sjofn, a woman he dislikes but instead, his Finnie, a free-spirit with a thirst for venture just like him, without her knowledge he orders his new bride bound to his frozen world, everlasting.

But at the same time Frey plunges Finnie into a web of political intrigue that includes assassination plots, poison, magic, mystery and... dragons.
